PREACHERSVILLE.

B. T. Lunsford sold a fine horse at Lancaster Monday for \$125. J. M. Press sold 40 hogs to D. M. Anderson at 42c and 30 to W. P. Grimes. Sweetney Morgan bought 28 hogs of J. H. Laughman at \$4.30 and some of Bascom Ragan at 42c. B. T. Lunsford bought 15 stock hogs of a Rockcastle party for \$45.

T. W. Payne is with Bastla & Co. repairing telephone lines. Mr. Wiley Greer was here last week making pictures. He has had 27 years' experience and his work ranks with the best. When F. F. Blankenship returned from Ottenheim he said: "I had no idea that Kentucky extended back so far as that."

Misses Mary Thompson and Hallie Brown visited at J. H. Thompson's. Sam Tudor was with W. H. Cummins and J. L. Anderson. J. B. Hutchins is at Jellico looking for a position. Fred Sutton, of Lexington, is with his sister, Mrs. Mike Kennedy. Rev. F. I. Rodgers has returned to his home in Texas after a pleasant visit to relatives here and in Garrard. Mrs. Wm. Land and Miss Katie Payne, of Rowland, visited the family of their brother, J. E. Payne. Quite a crowd of our young people attended Easter services at the Catholic church at Ottenheim Sunday. All seemed to enjoy the services and will attend again in the future. The ladies are much interested in the sale of potted plants, which will be held at Lancaster this week in May by the Ladies' Aid Society of the Christian church. Mrs. Susan Green and daughter and son-in-law, Christopher Links, have gone to Texas to make their future home. J. E. Jones, of Crab Orchard, and Miss Margaret Stevenson, of near Walnut Flat, drove to the parsonage here last Wednesday and were quietly married by Rev. R. E. Jordan.

CONSCIENCE'S LONG NAIL.—Mrs. Margaret Lundberg was greatly surprised a few days ago when she received this letter.

"Enclosed please find \$3, which I will send you in payment of 75 cents which I have been owing your first husband, Mr. Noyd, deceased, for fixing a pair of shoes."

The letter was mailed on a train in Illinois, otherwise there is no clue to where it came from. Mr. Noyd has been dead some 40 years, and it is thought that it is fully 15 years ago since this pair of shoes was fixed. The letter contained a \$2 bill and one \$1 bill. Mrs. Lundberg has no idea from whom this money came. —Landsberg Herald.

During a raid by revenue officers in the moonshine district of Eastern Kentucky Deputy United States Marshal William Mayers and posse captured and destroyed one of the most unique "still" on record, according to reports. The still was located at the head of Buck creek, in Owsley county, and the furnace and fixtures were concealed beneath the floors of a dwelling house, the furnace being so arranged that the smoke would pass up the chimney of the house with causing any suspicion.

"Dunno."

"Warned his hands at the blaze, and thanked God he didn't have to split the wood for it!"—Atlanta Constitution.

When asked on one occasion by an old friend how he was training his boys, Joe Jefferson replied in the words of Walter Scott: "Teaching them to fish—and tell the truth."

Even the girl who never gets any letters is always on the lookout for the male.

Fat people are not always jolly any more than lean people are all lenient. It's the fellow that loses his temper who is always finding fault.

CRAB ORCHARD.

Miss Pearl Collier has returned from a pleasant visit to relatives in Hrodhead. Mr. and Mrs. Robert Collier, of Hrodhead, were with Mrs. William Tatem Easter.

The Ideal Entertainers gave a pleasant recital at College Hall Saturday night and the Ladies' Aid Society of the Christian church gave an ice cream supper afterwards, realizing a nice sum for the church.

Rev. Huey's sermon over the remains of Dr. Henry Pettus deserves more than a passing mention. They were to the living and not of the dead. He spoke in beautiful language to the orders that showed their loyalty in death, but said that unless they possessed the everlasting hope in a resurrected Redeemer, their loyalty and devotion was of no effect to themselves and urged a closer walk with God and a full reality in all their devotion. To the physicians he commended religion, saying they had a more perfect access into the homes and lives of people than any other class and should of all men be the most religious, and able not only to heal the bodily ailments but able to pour the balm of consolation into wounded and bleeding hearts who depend so much upon their skill to save the body. Dr. Pettus was loved by the younger class as well as the old and was a man capable of doing great good both as a physician and citizen. A large procession followed his remains to the cemetery, where he was buried by the Musonic and Odd Fellows' order. He will be greatly missed and deep sympathy is felt for his wife and children.

We think that for the benefit of those who so nobly rallied to our call for aid in rebuilding the Christian church here it should be stated that we intend to build as soon as enough money can be deposited in our bank to make a contract safe in taking hold. Up to the present time there is in bank including donations from a distance, \$500, and we are so tired of looking at the old wreck and have prayed so long and earnestly for some soul interested in religion to devote enough to start the work, that sometimes we almost feel that it is not intended for it to be rebuilt. Then hope again asserts its power and we see a new church and can see our little flock assembling in its pines past, and it seems it must be a reality.

Friends of Christ, those who long and wait for His coming, here is the best opening ever shown to let your light shine. Open your Bibles to Malachi, third chapter, 8 to 13 verses, and do as God asks of you and trust results to Him. Now we need aid; our little band is meeting in a school house poorly equipped, and yet great interest is manifested and we are striving in every way to keep them together. We are hungering to hear the word preached in its proper place. So do not throw away in foolishness what God requires at your hand, but help in a loving cause to save souls.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers by it for coughs, children, railroad men buy it for severe coughs and elderly people buy it for flatulency." say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It cures cures and cures quickly. Sold by Lyne Bros., Crab Orchard.

Mr. W. P. Walton, formerly editor of the INTERIOR JOURNAL, Stanford, but more recently editor of the Lexington Morning Democrat, purchased the Kentucky Journal, Frankfort's leading democratic paper. His many friends throughout the State will read with gladness of his return to the field and will wish him every success. —Danville News

Cheated Death.

Kidney troubles often ends fatally, but by choosing the right medicine, Mr. E. H. Wolfe, of Bear Grove, Ind., cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble and keep them constantly on hand, since I find they have no equal." G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, druggists, guarantee them at 50 cents.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Lyne Bros., Crab Orchard.

The Interior Journal.

E. C. WALTON.

Now that Frankfort has a democratic daily the Lexington Herald will have to take down its misleading sign. Since the Lexington Democrat was absorbed, the Herald has been printing over its head these words: "The only democratic daily in the Blue Grass." Those who have kept in touch with the paper during the last 10 years know the falsity of the claim, as far as its democracy is concerned. Its support of McKinley and its refusal to support Goebel are not forgotten by the democrats so soon as this and they "jess laff" when the Herald speaks of it being a democratic newspaper.

The Western Recorder extends this bit of wholesome advice to a preacher, the like of which many of us have seen and heard: "The trouble with you, brother, is not that you talk too long, but that you repeat so much. When you have said a thing clearly, pass on to something else. You tire the people out, not by the length of your remarks, but by your wearisome repetitions."

If the directors of the Milwaukee bank, whose president has defaulted for a million and a half, had taken the proper precaution, which they had sworn to do, to see what he was doing with the funds, they would not have been compelled to replace them. They are criminally guilty of neglect and deserve to be prosecuted and punished.

Mr. W. P. WALTON, of the Frankfort Journal, has secured the services of Mr. Shelton M. Sautley, now of Louisville, as managing editor of his paper and he will assume his duties Monday. Mr. Sautley made an enviable reputation as managing editor of the Lexington Democrat.

In Indiana a man now has to swear that he is able to support a family before he can procure a marriage license. That will cut little or no ice, however, for when a fellow gets a marrying notion into his head he will swear to almost anything to carry his end.

At a prohibition meeting at Hempstead, Texas, three men were killed and several others badly wounded. At that rate how many of the gathering would have been left to tell the tale had it been a convention where believers in red liquor were in the majority?

J. Stone Walker, of Richmond, has signed a deed of trust to Col. Sam H. Stone, of Louisville, and R. E. Turley, of his town, as agents to dispose of some of his property to pay off pressing debts. After the settlement has been made the trustees say Mr. Walker will still be in good circumstances. His property and other assets are estimated at \$150,000 and liabilities are said to be not more than \$75,000.

The jury in the third case against the George Wiedemann Brewing Company, of Newport, which is under indictment in the Boyle Circuit Court in about 20 different cases, fined the company \$100 and costs, and also assessed a fine of \$50 and 10 days imprisonment on the company's agent, Jerre Crawley, of Cincinnati. This makes an aggregate of \$510 that this concern has been fined during this term of court and there are yet 13 cases against it. The remaining cases have been continued until the September term, to await a decision in the Court of Appeals on those tried, the company having filed appeals.

FOR SALE!

McKINNEY ROLLER MILLS.

I offer for sale my mill and residence in McKinney, Ky. Mill has flour capacity of 50 barrels and meal 100 bushels per day. Mill is well equipped with modern machinery in good repair. Has storage capacity of 5,000 bushels of wheat; also large corn bins and crib. Wagon scales operated from office, coal bins and ice house. All under roof. Never falling water in mill lot. Mill is within 100 feet of Cincinnati Southern R. R. track and has private siding. The house is good for the following reasons: McKinney is nearest market to many of the largest wheat and corn growers in Louisville county, large territory furnishing custom grinding. The feed and coal business in connection with mill pays well. No trouble to market all products from mill. Residence is a two-story, six room frame, with cistern on back porch. Milk house at back door cemented; all comparatively new. Large barn, biggy house in mill lot. On account of my failing eyesight and health, generally, my physicians have advised me to quit the milling business. For further particulars call on or address Mr. Edw. A. Corn, Hustonville, Ky. or W. H. McKinney, Stanford, Ky.

MASTIC MIXED PAINT

Can't Be Touched

for painting houses. The reason's plain. Mastic is the purest, therefore the most durable and economical. There is a whole string of "other fellows" claiming "just as good as Mastic" but they don't prove it. Maybe they can't. The analysis of Mastic is published. It's made of pure lead, zinc and linseed oil—the most durable kind of paint—and its purity is therefore unquestioned.

As purity means durability, the splendid wearing qualities of Mastic have given it the title of "The Kind That Lasts," and this title is backed up by our absolute guarantee. Mastic is made by

THE BETTER PART OF WISDOM

In the buying of your Shoes is to not let the "lowest price" argument carry you away. Consider the quality of material, style, the fit, the finish. Weigh these up against the price and ask yourself, Is this good value? The lines we sell are acknowledged the best in the United States. When you see Zeigler Bros., Godman, Weber Bros. or James Means on a Shoe it means to you that the factory stands behind us and we stand behind you and make good any shoe not as represented by us. For those desiring Low Price Shoes, we always have a few broken lots or odds and ends of good shoes that we will sell for the same price as you pay for cheap stuff.

THE Open Session of the Odd Fellows' lodge at Crab Orchard Wednesday was a decided success and a most enjoyable occasion. Some 60 or more visiting brothers, many from Stanford, were present and after a meeting in the lodge room they marched to the Baptist church where Mr. Henry Wells and daughter began the program by singing an appropriate song. THERE died in Lexington Wednesday an old citizen of Stanford, Judge W. R. Carson, who was one of the brightest uneducated men of all the older residents of that town. He was either magistrate or police judge of Stanford for 38 years, and in the exercise of his official duties did much for the peace and good order of the city; never had a judgment on appeal reversed or held an accused for trial that failed of conviction. He was a natural analytical lawyer and judge and an everlasting talker, interesting upon any and all subjects. He was always a poor man who counted his friends by the scores in all circles, respected for his acumen, his honesty and his loyalty to friends. He spent his life on crutches and a braver man in dangerous situations never lived in Kentucky. - Somerset Journal.

MCKINNEY. Mrs. James H. McKinney died of heart trouble at her home at McKinney Wednesday afternoon, aged about 60. She had been in poor health for some time but it was not until Monday last that she was compelled to keep her bed. Mrs. McKinney was a daughter of the late Samuel Givens and had been a devout member of the Presbyterian church since her girlhood. She was a modest, gentlewoman, a loving wife and kind and indulgent mother and many there are who sorrow that she has been called to the blissful land beyond. About a month ago this Godly mother buried a daughter, Miss Lucy McKinney, and we hope and believe she has joined her above, where there is no sorrow and no parting. Mrs. McKinney leaves a husband, who is in a critical condition, and a daughter, Miss Jennie McKinney, whose grief and trouble knows no bounds. The father's condition prevents his feeling his great loss as keenly as he might, but to the daughter it comes with full force and she is well-high crushed by the blow she has received. May He Who doeth all things well give her strength to bear the burdens that continue to fall upon her. At 4 o'clock yesterday afternoon the remains were taken to Hustonville, where after services at the grave by Dr. E. M. Greene, of Danville, they were gently laid away by the side of the daughter so recently buried.

The semi-annual conference of the bishops of the Methodist Episcopal church is in session in Louisville with bishops present from all sections of the country. The board of church extension of the Methodist Episcopal Church, South, is also holding its annual meeting in Louisville.

UMBRELLAS

Re-covered and repaired and made almost as good as new for a small amount. I can fix your umbrella better than the tramp repairs and for less money. Give me a trial. FRANK ATKINS, Stanford.

Antecarlo, 2:26 1-2.

Made over Versulles track in winning race, scored by Antecarlo, 2:26 1-2, that sold for \$10,000 at public sale. First dam Mary Ann, by Hildisford 84, son of Mammoth Patchen. These two crosses produced The Antecarlo, 2:26 1-2, champion trotting gelding of the world, 2nd dam by Independence, son of Andrew Jackson. Independence's dam by American Star. The American Star and Andrew Jackson blood is responsible for Green's 2:26 1-2, the champion trotting gelding of the world. You see Antecarlo's two top crosses are responsible for the fastest gelding, two next crosses are responsible for the best stallion, 2:26 1-2, you see he is better bred than either of them for he has the blood of both. Antecarlo is a solid brown horse, 15 3-4 hands high, weighing 1,170 pounds, fine style and action. Will stand up to insure living colt.

Will also stand the young jack, ABRAM 3RD, at \$10 to insure a colt. He was bred by Green 2nd and he is an imported jack. Abram's first dam by Voluptue, 2nd dam by Imp. Palermo, 3rd dam by Morgan's Mammoth. He is a solid bay horse, full of nerve and spirit. Will stand up to insure a colt. Will also stand at my farm on Somerset pike, four miles from Stanford. Mrs. Green's 2nd and 3rd dam by Voluptue, 2nd dam by Imp. Palermo, 3rd dam by Morgan's Mammoth. He is a solid bay horse, full of nerve and spirit. Will stand up to insure a colt. WILLIAM M. FIELDS, Stanford, Ky.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in. This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way. Two sizes, 25c and 75c. All druggists.

TEMPLE HILL STOCK FARM.

Negative Place, City Limits, Harrodsburg, Kentucky.

Red Leaf, 4-year-old record 2:22 in 9th heat over one-half mile track. Size of 5 with records better than 2:22. Champion show horse of Kentucky and leading sire of high-class road horses and teams. \$50 to insure a living colt, and a good one at that, or \$125 the same.

I claim it is to the best interest of the owners of mares of Merce and adjoining counties to Red Leaf - 1st. Because he is not for sale - I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, in order to whom they belong. 2nd, because his colts have a reputation and have sold for higher prices under the same name of any stallion in Mercer or adjoining counties. 3rd, because his colts have more premiums than those of any stallion in Mercer or adjoining counties. 4th, because he has a better record as a race horse, having won 10 out of 14 races, and a better record as a show horse, having won 8 out of 10 shows, than any stallion in Mercer or adjoining counties. 5th, because Red Leaf is the only horse sired by a horse with a record of 2:18 1-2. F. C. Huey, who has sired 8 colts with records better than 2:23, and with a dam Lady Ruth that every colt she had took a standard record and was a champion sire of show horses. 6th, because the greatest blood mare in the world, having 11 in the list, and whose sire C. F. Huey sold for \$10,000, and whose dam sold for \$10,000, whose colts are (Red Wilkes) sold for \$10,000 for a half interest, and who himself (Red Leaf) sold at three years old for \$10,000 and at 11 years old for \$1,500, and that his himself shed blood to sell for over \$100,000 - some as high as \$2,000 - and teams from \$1,500 to \$1,000, in Mercer or adjoining counties. 7th, Red Leaf's colts were ever traced, and he started in 1 or 2 races, winning first in one and second in the others, is shown by the Year book, and showed miles in 2:23, and would have been a sensational horse had he lived. 8th, Red Leaf has sired more high-class blooded teams than any stallion in Kentucky in the past two years. 9th, I can show several offers of over \$1000 for a pair I now have. Some of those sold five years old, and most of them under three years old.

Now I say if you want a truer, Red Leaf is bred to get them, as his sire is one of the greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire the greatest blood mare in the world. If you want a show horse, he has proven himself get them of the highest quality, a three-year-old mare by him showing through the breed in regular and sweepstakes and winning 24 out of 36 shows - something equaled only by the world's famous Gypsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillets are sure to be great blood runners. If these are not facts, why not?

I also have a good Black Jack to stand at \$10 to insure a living colt. B. E. GODDARD.
